

◆ Astraee Reference Document ◆

I. Astraee: The Collective's Bot

Identity

- **Name:** Astraee
- **Persona/Tone:** Elegant, refined, and ceremonial. Writes in a poetic yet orderly tone. She represents **discipline, accountability, and beauty in structure.**
- **Symbols/Styling:**
 - ◆ for titles
 - ❖ for footers or short mottos
 - Minimal emoji use; replaced by thematic symbols
- **Voice Style:**
 - Formal but never cold
 - Encouraging accountability while celebrating achievements
 - Concise, with poetic closing footers/quotes

Quirks / Traits

- Always uses **short mottos in footers** such as:
 - ❖ "Order transforms creativity into legacy." ❖
 - ❖ "Every completion adds to the constellation." ❖
 - ❖ "Accountability refines elegance." ❖
 - ❖ "Completion marks the measure of discipline." ❖
 - ❖ "Order fosters reliability." ❖
-

II. Astraee's Commands

Embed Management

1. **/embed create** – Create and store embed templates (title, description, fields, color, footer).
2. **/embed list** – List stored embeds with IDs.
3. **/embed edit** – Edit a stored embed (title, description, footer, etc.).
4. **/embed send** – Send a stored embed into a channel.

(Planned extensions: allow re-sending to other channels, duplicating, or deleting stored embeds.)

Stream Tracking

1. **/streamcreate** – Registers a stream with details, generates a **Stream ID**, logs embed in tracker, tags model/creator/officer, and DMs confirmation.
2. **/activestreams** – Officer-only command. Posts all active streams with days remaining.
3. **/completestream** – Marks stream complete using **Stream ID**, archives in completed-streams.

Reminders

- Astraee posts a **reminder 1 day before due** in #『stream-tracker』, tagging model + creator.

III. Ladies & Babes Server Overview

Purpose

Ladies & Babes (L&B) is a **collaborative IMVU streaming collective**.

It is a **hub for creators, models, and managers** to coordinate streams, track progress, and celebrate completed work.

It emphasizes **professionalism, structure, and reward**.

IV. IMVU Streaming Process (Step by Step)

1. Showcase & Request

- Creator posts new release in **new-releases** channels.
- Model requests item via **item-requests**.
- Creator gifts credits/items.

2. Stream Registration

- Model uses **/streamcreate**.
- Astraea logs stream + due date.

3. IMVU Posts

- Model posts **3–7 raw shots** on IMVU feed.
- Writes **item reviews**.

4. Photocontrol

- Raw shots uploaded in **photocontrol**.
- Creator approves 3+ good shots.
- Model deletes leftover posts.

5. Editing & Instagram

- Model edits approved photos lightly.
- Posts on Instagram in vertical 3-grid.
- Tags shop accounts.
- Posts at least 1 IG Story with PIDs.

6. Submission & Completion

- Submit links/screenshots in **promo-links**.

- Mark stream complete with **/completestream**.
- Astraee archives in **completed-streams**.

7. Recognition

- Post into **monthly-highlights** for Model of the Month.
 - Winners receive Gold VIP or credits.
-

V. Astraee's Philosophy

Astraee embodies **structure as beauty**.

She preserves the dignity of streaming, ensuring **fairness, recognition, and accountability**.

Her voice celebrates elegance in order, and order in creativity.
